J. Clement McCulloch,

Donald W. Mills,

Howard N. Reed

SUBJECTS • SUJETS

Abscess:

Abscess formation within a synthetic hydroxyapatite orbital implant, Jordan DR et al, 329-32

Acquired immunodeficiency syndrome:

Neuro-ophthalmic findings in progressive multifocal leukoencephalopathy, Wein F et al, 270-5

Adenocarcinoma:

Prostate adenocarcinoma presenting as a solitary choroidal metastasis, Hill VE et al, 276-9

Administration, topical:

Topical versus intravenous administration of tranexamic acid: a comparison of intraocular and serum concentrations in the rabbit, Damji KF et al, 308-13

Adrenergic alpha receptor agonists:

Update in glaucoma: the new pharmacotherapies

Buys YM, 255-7

Crichton ACS, 254-5

Gould LF, 253-4

Trope GE, 257-8

Adult:

Outcome criteria in strabismus surgery, Kraft SP, 237-9

AIDS: See Acquired immunodeficiency syndrome

Air:

Air gun injury presenting as axial proptosis, Edrich CL et al, 219-20

Air guns: See Firearms

Albuminuria:

Humalog — Human kindling? [E], MacInnis BJ, 303-5

Alteplase:

The use of tissue plasminogen activator in silicone

- Bio-Eye:** See Eye, artificial
- Biopsy:**
An enhancing optic nerve lesion: malignant glioma of adulthood [C], Brodovsky S et al, 307
An enhancing optic nerve lesion: malignant glioma of adulthood [C], Jordan DR, 306-7
- Blepharoptosis:**
Unusual presentation of periorbital dirofilariasis, Johnson TM et al, 333-6
- Blindness:**
Bilateral amaurosis following peribulbar anesthesia, Hamel P et al, 216-8
- Branch retinal artery occlusion:** See Retinal artery occlusion
- Brimonidine:**
Update in glaucoma: the new pharmacotherapies
Buys YM, 255-7
Crichton ACS, 254-5
Gould LF, 253-4
Trobe GE, 257-8
- Burns, chemical:**
Catecholaminergic nerve fibres in normal and alkali-burned rabbit cornea, Cavallotti C et al, 259-63
- Canalicular fibrosis:** See Lacrimal apparatus diseases
- Candida:**
Endophthalmitis cluster from contaminated donor corneas following penetrating keratoplasty, Cameron JA et al, 8-13
- Carbonic anhydrase inhibitors:**
Update in glaucoma: the new pharmacotherapies
Buys YM, 255-7
Crichton ACS, 254-5
Gould LF, 253-4
Trobe GE, 257-8
- Cataract:**
Effect of cataract surgery with intraocular lens implantation on inflammation in chronic uveitis: a longitudinal laser flare photometry study, Tran VT et al, 264-9
- Cataract, secondary:** See Cataract
- Cataract extraction:**
Effect of cataract surgery with intraocular lens implantation on inflammation in chronic uveitis: a longitudinal laser flare photometry study, Tran VT et al, 264-9
An epidemiologic investigation of unexpected refractive errors following cataract surgery, Courtright P et al, 210-5
An epidemiologic investigation of unexpected refractive errors following cataract surgery [C], Freeland WJW, 290
Respiratory arrest following peribulbar anesthesia for cataract surgery: case report and review of the literature [C], Hodge WG, 226
Respiratory arrest following peribulbar anesthesia for cataract surgery: case report and review of the literature [C], Loken RG et al, 225
Update in cataract and refractive surgery, Rootman DS, 201-2
Who should perform pediatric cataract surgery?
Astle WF, 132
Gimbel HV, 132-3
LaRoche GR, 133-4
Levin AV, 133
- Catecholaminergic nerve fibres:** See Catecholamines
- Catecholamines:**
Catecholaminergic nerve fibres in normal and alkali-burned rabbit cornea, Cavallotti C et al, 259-63
- Central corneal thickness:** See Cornea
- Central nervous system diseases:**
Neuro-ophthalmic complications of acute varicella, Kertes PJ et al, 324-8
Neuro-ophthalmic findings in progressive multifocal leukoencephalopathy, Wein F et al, 270-5

Cerebrovascular disorders:

Can different types of retinal emboli be reliably differentiated from one another? An inter- and intraobserver agreement study, Sharma S et al, 144-8

Chickenpox:

Neuro-ophthalmic complications of acute varicella, Kertes PJ et al, 324-8

Child:

Eye don't know [E], MacInnis BJ, 1-2

Outcome criteria in strabismus surgery, Kraft SP, 237-9

Severe congenital ectropion secondary to lamellar ichthy-
osis, Jordan DR et al, 30-1

Who should perform pediatric cataract surgery?

Astle WF, 132

Gimbel HV, 132-3

LaRoche GR, 133-4

Levin AV, 133

Cholesterol:

Can different types of retinal emboli be reliably differentiated from one another? An inter- and intraobserver agreement study, Sharma S et al, 144-8

Choroid:

Prostate adenocarcinoma presenting as a solitary choroidal metastasis, Hill VE et al, 276-9

Choroid diseases:

Angle-closure glaucoma secondary to ciliochoroidal detachment, Stockl FA et al, 280-2

Choroidal effusion: See Choroid diseases

Chromatography, high-performance liquid: See Chromatography, high pressure liquid

Chromatography, high pressure liquid:

Comparison of aqueous and vitreous humour levels of two 0.3% ciprofloxacin eyedrops, Çekiç O et al, 373-6

Chromosome 7: See Chromosomes, human, pair 7

Chromosomes, human, pair 7:

Ophthalmic findings with partial trisomy (duplication) of the long arm of chromosome 7, Coats DK et al, 337-41

Ciliary body:

Endoresection of a ciliary body leiomyoma, Peyman GA et al, 32-4

Ciprofloxacin:

Comparison of aqueous and vitreous humour levels of two 0.3% ciprofloxacin eyedrops, Çekiç O et al, 373-6

Coats' disease: See Retinal diseases

Complications, intraoperative: See Intraoperative complications

Complications, postoperative: See Postoperative complications

Compressed air: See Air

Computer-assisted image processing: See Image processing, computer-assisted

Conferences: See Congresses

Congresses:

The other Calgary declarations [E], MacInnis BJ, 249-51

Cornea:

Catecholaminergic nerve fibres in normal and alkali-burned rabbit cornea, Cavallotti C et al, 259-63

Correction of intraocular pressure for changes in central corneal thickness following photorefractive keratectomy, Munger R et al, 159-65

The other Calgary declarations [E], MacInnis BJ, 249-51

The sands of the Sahara, Lachance A et al, 387-8

Corneal transplantation:

Endophthalmitis cluster from contaminated donor corneas following penetrating keratoplasty, Cameron JA et al, 8-13

Cotton-tip applicator: See Equipment and supplies

Cranial nerve diseases:

Neuro-ophthalmic complications of acute varicella, Kertes PJ et al, 324-8

Cranial nerve palsy: See Cranial nerve paralysis

Cranial nerve paralysis:

Neuro-ophthalmic complications of acute varicella, Kertes PJ et al, 324-8

Danaparoid:

Humalog — Human kindling? [E], MacInnis BJ, 303-5

Decompression:

Decrease in intraocular pressure after orbital decompression for thyroid orbitopathy, Dev S et al, 314-9

Diabetes mellitus:

Humalog — Human kindling? [E], MacInnis BJ, 303-5

The use of tissue plasminogen activator in silicone oil-filled eyes, Kertes PJ et al, 28-9

Diabetes mellitus, non-insulin-dependent:

Fat chance [E], MacInnis BJ, 129-31

Diabetes mellitus, type 2: See Diabetes mellitus, non-insulin-dependent

Diagnosis:

Sensitivity and specificity of the diagnosis of periocular lesions by oculoplastic surgeons, Hillson TR et al, 377-83

Diagnosis, eye:

Sensitivity and specificity of the diagnosis of periocular lesions by oculoplastic surgeons, Hillson TR et al, 377-83

Diet pills: See Appetite depressants

Dirofilaria:

Unusual presentation of periorbital dirofilariasis, Johnson TM et al, 333-6

Dorzolamide:

Update in glaucoma: the new pharmacotherapies

Buys YM, 255-7

Crichton ACS, 254-5

Gould LF, 253-4

Trope GE, 257-8

Dressings: See Bandages

Drug administration routes:

Bilateral amaurosis following peribulbar anesthesia, Hamel P et al, 216-8

Respiratory arrest following peribulbar anesthesia for cataract surgery: case report and review of the literature [C], Hodge WG, 226

Respiratory arrest following peribulbar anesthesia for cataract surgery: case report and review of the literature [C], Loken RG et al, 225

Topical versus intravenous administration of tranexamic acid: a comparison of intraocular and serum concentrations in the rabbit, Damji KF et al, 308-13

Drug therapy:

- Update in glaucoma: the new pharmacotherapies
 - Buys YM, 255-7
 - Crichton ACS, 254-5
 - Gould LF, 253-4
 - Trope GE, 257-8

Drug tolerance:

- Epiphora in patients receiving systemic 5-fluorouracil therapy, Hassan A et al, 14-9
- Update in glaucoma: the new pharmacotherapies
 - Buys YM, 255-7
 - Crichton ACS, 254-5
 - Gould LF, 253-4
 - Trope GE, 257-8

Dry eye syndromes:

- Argon laser punctal therapy versus thermal cautery for the treatment of aqueous deficiency dry eye syndrome, Hutnik CML et al, 365-72

Ectropion:

- Severe congenital ectropion secondary to lamellar ichthy-
osis, Jordan DR et al, 30-1

Education, medical, undergraduate:

- Eye don't know [E], MacInnis BJ, 1-2
- Ophthalmology undergraduate education in Canada, Bellan L, 3-7

Education of patients: See Patient education**Electrocautery:** See Electrocoagulation**Electrocoagulation:**

- Argon laser punctal therapy versus thermal cautery for the treatment of aqueous deficiency dry eye syndrome, Hutnik CML et al, 365-72

Embolism:

- Can different types of retinal emboli be reliably differentiated from one another? An inter- and intraobserver agreement study, Sharma S et al, 144-8

Emphysema:

- Air gun injury presenting as axial proptosis, Edrich CL et al, 219-20

Encephalitis:

- Neuro-ophthalmic complications of acute varicella, Kertes PJ et al, 324-8

Endophthalmitis:

- Endophthalmitis cluster from contaminated donor corneas following penetrating keratoplasty, Cameron JA et al, 8-13

Endoresection: See Surgery**Endoscopy:**

- Update in oculoplastic surgery: lacrimal problems, Codère F, 199-200

Enterococcus faecalis:

- Endophthalmitis cluster from contaminated donor corneas following penetrating keratoplasty, Cameron JA et al, 8-13

Epiphora:

- Epiphora in patients receiving systemic 5-fluorouracil therapy, Hassan A et al, 14-9
- Update in oculoplastic surgery: lacrimal problems, Codère F, 199-200

Episcleral venous pressure: See Venous pressure, episcleral**Equipment and supplies:**

- The other Calgary declarations [E], MacInnis BJ, 249-51
- Tips for the cotton-tip applicator, Jordan DR et al, 384-5

Equipment safety:

- Caveat emptor [E], MacInnis BJ, 197-8
- An epidemiologic investigation of unexpected refractive errors following cataract surgery, Courtright P et al, 210-5
- An epidemiologic investigation of unexpected refractive errors following cataract surgery [C], Freeland WJW, 290

Exanthema:

- Neuro-ophthalmic complications of acute varicella, Kertes PJ et al, 324-8

Excimer laser: See Lasers**Exophthalmos:**

- Air gun injury presenting as axial proptosis, Edrich CL et al, 219-20

Eye, artificial:

- Abscess formation within a synthetic hydroxyapatite orbital implant, Jordan DR et al, 329-32
- Caveat emptor [E], MacInnis BJ, 197-8
- Scanning electron microscopic examination of porous orbital implants, Mawn LA et al, 203-9

Eye diseases, hereditary:

- The natural history of X-linked retinoschisis, Roesch MT et al, 149-58

Eyedrops: See Ophthalmic solutions**Eyelid diseases:**

- Severe congenital ectropion secondary to lamellar ichthy-
osis, Jordan DR et al, 30-1

Eyelid neoplasms:

- "Conical" skin graft in the reconstruction of medial canthal defects, Harvey J et al, 320-3
- Sensitivity and specificity of the diagnosis of periocular lesions by oculoplastic surgeons, Hillson TR et al, 377-83

Eyelid tumours: See Eyelid neoplasms**Eyelids:**

- "Conical" skin graft in the reconstruction of medial canthal defects, Harvey J et al, 320-3
- Sensitivity and specificity of the diagnosis of periocular lesions by oculoplastic surgeons, Hillson TR et al, 377-83

5-fluorouracil: See Fluorouracil**5-FU:** See Fluorouracil**Firearms:**

- Air gun injury presenting as axial proptosis, Edrich CL et al, 219-20

Fluorescein angiography:

- Digital subtraction fluorescein angiography: a new technique for evaluating choroidal neovascular membranes, Sheidow TG et al, 180-7

Fluorocarbons:

- The use of perfluorocarbon liquid in the surgical repair of a bullous retinal detachment secondary to Coats' disease, Devenyi RG, 385-6

Fluorouracil:

- Epiphora in patients receiving systemic 5-fluorouracil therapy, Hassan A et al, 14-9

Genetics:

Recent advances in the genetics of macular dystrophies, Mah DY et al, 135-43

Glaucoma:

The other Calgary declarations [E], MacInnis BJ, 249-51

Update in glaucoma: the new pharmacotherapies

Buyes YM, 255-7

Crichton ACS, 254-5

Gould LF, 253-4

Trope GE, 257-8

Glaucoma, angle-closure:

Angle-closure glaucoma secondary to ciliochoroidal detachment, Stockl FA et al, 280-2

Glioma:

An enhancing optic nerve lesion: malignant glioma of adulthood [C], Brodovsky S et al, 307

An enhancing optic nerve lesion: malignant glioma of adulthood [C], Jordan DR, 306-7

Glucocorticoids:

An enhancing optic nerve lesion: malignant glioma of adulthood [C], Brodovsky S et al, 307

An enhancing optic nerve lesion: malignant glioma of adulthood [C], Jordan DR, 306-7

Glycosaminoglycans:

Humalog — Human kindling? [E], MacInnis BJ, 303-5

Goodpasture's syndrome:

Bilateral serous retinal detachments associated with Goodpasture's syndrome, Boucher MC et al, 46-9

Bilateral serous retinal detachments associated with Goodpasture's syndrome [C], Boucher MC et al, 226-7

Bilateral serous retinal detachments associated with Goodpasture's syndrome [C], Sharma S, 226

Grafting, skin: See Skin transplantation

Graves' disease:

Decrease in intraocular pressure after orbital decompression for thyroid orbitopathy, Dev S et al, 314-9

Haze: See Postoperative complications

Health promotion:

Role of the ophthalmologist as a patient educator [C], Gimbel HV, 289-90

Hemianopsia:

Neuro-ophthalmic findings in progressive multifocal leukoencephalopathy, Wein F et al, 270-5

Hemorrhage, vitreous: See Vitreous hemorrhage

Heparin:

Effect of cataract surgery with intraocular lens implantation on inflammation in chronic uveitis: a longitudinal laser flare photometry study, Tran VT et al, 264-9

Hereditary diseases:

The natural history of X-linked retinoschisis, Roesch MT et al, 149-58

Herpesvirus 3, human:

Neuro-ophthalmic complications of acute varicella, Kertes PJ et al, 324-8

High-performance liquid chromatography: See Chromatography, high pressure liquid

HIV:

Neuro-ophthalmic findings in progressive multifocal leukoencephalopathy, Wein F et al, 270-5

Homonymous hemianopia: See Hemianopsia

Humalog: See Insulin lispro

Human immunodeficiency virus: See HIV

Hydroxyapatites:

Abscess formation within a synthetic hydroxyapatite orbital implant, Jordan DR et al, 329-32

Scanning electron microscopic examination of porous orbital implants, Mawn LA et al, 203-9

Hyperopia:

The other Calgary declarations [E], MacInnis BJ, 249-51

HypHEMA:

Topical versus intravenous administration of tranexamic acid: a comparison of intraocular and serum concentrations in the rabbit, Damji KF et al, 308-13

Ichthyosis, lamellar:

Severe congenital ectropion secondary to lamellar ichthyosis, Jordan DR et al, 30-1

Image processing, computer-assisted:
